Content

As a procurement professional, you know that drafting a thorough and precise Scope of Work is critical to realizing best value from the competitive process. So why do we continue to see cost overruns, damaged relationships and litigation resulting from poor scope definition even on major high-profile projects? The problem can usually be traced back to failure to devote sufficient time and resources to honing staff skills for what is arguably the most important aspect of procurement planning.

Drafting an effective scope statement is both an art and a science, and some new insights while exploring a structured approach can really help you get your Scope of Work nailed down before releasing your solicitation to the market.

Learning Objectives

- Recognize the effects a poorly defined scope statement can have on contract outcomes.
- Review the components and practice drafting an effective contract scope statement.
- Discuss how to ensure compliance with trade agreements.
- Discover tools to build into your contract that will help you keep the scope in check throughout the life of your project.

Additional benefits

- Complementary 1-1 short meeting between your project sponsor and our subject matter expert after the engagement ends to discuss any questions.
- Complimentary 1-1 meeting opportunity to share your unique story as a thought leader with the world
- We plant a tree on your behalf for each purchase made counted via checkout
- 10% complimentary price off on purchase of our Procurement eBook
- Credly Badge that can be shared on social media
- Online 'Free Community' access that allows free interaction with members of our community
